Data for: Dr. Barnouti-Calotti...

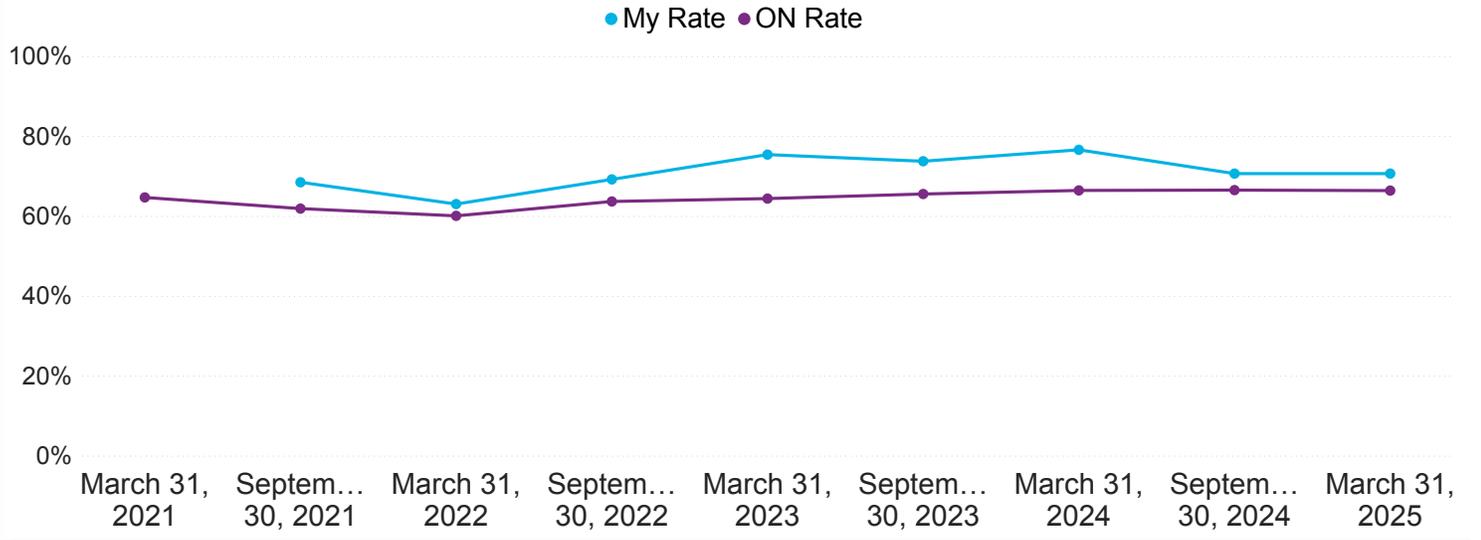

Date
September 30, 2024

What percentage of my patients with diabetes are up-to-date with retinal testing with an ophthalmologist or optometrist within the past 24 months?

Retinal Exam Testing to Prevent Complications from Diabetic Retinopathy

Selected report	My rate	My group's rate	My LHIN's rate	Provincial average rate	Compared to the provincial average, my rate is...
Previous report	70.6%	60.1%	65.2%	66.5%	Higher

To export data: hover over the visual, click the 3 dots in the top-right corner and select export data.

This indicator does not differentiate between type I and type II diabetes but does exclude gestational diabetes.

† Data suppressed where counts are between 1 and 5; additional suppression may be applied where counts are greater than 5 to prevent residual disclosure of suppressed values; N/A: Data not available; * Please interpret with caution, denominator ≤ 30. For more details, refer to the Methods section.
